

Sunshine Rescue Ranch Volunteer Assumption of Risks Form

Sunshine Rescue Ranch intends to mitigate the risk of injury and to prevent injuries to its volunteers resulting from their participation in the volunteers program. Every attempt will be made to reduce any risk of injury through training, education and the use of precautions. In addition, volunteers will only be matched to positions for which they have the skills and qualifications to fulfill safely.

Be aware, however, that some unanticipated risk possibilities may be present during non-emergency work. Any incidents, accidents or injuries should be reported to the Program Coordinator.

I (print name), _____, have read the above information regarding assumption of risk. I understand its contents and have had the opportunity to ask questions regarding risks of injury or damage that I may face as a volunteer. I will also report any incidents, accidents, or injuries immediately to the Program Coordinator.
